

QUARTER 3
2020-2021

SUNAPEE MIDDLE HIGH SCHOOL

GUIDANCE NEWS & NOTES

APRIL 26TH - 30TH

EVENTS

College 101- An online (remote) college planning night for junior students and parents was held **April 6th**, this program was intended to orientate participants to the college search and application process.

Senior Project Presentation Night-- Senior students will present their projects to small audiences in an organized and socially distant fashion intended to minimize the traffic in the building, but continue the time honored tradition of the senior project that students have worked hard to complete.

Quarter 3 Honor Roll-Students that made the honor roll will be invited to attend a group hike and barbeque. Students that qualify will receive invitations in the coming weeks.

JUNIORS-Junior students have met individually with their guidance counselor, in most cases at this time have also completed a job shadow and a budget project intended to facilitate post-secondary planning, have scheduled their senior year, have taken the SAT, have taken the interest inventories and have a search engine (Big Futures) capable of accomplishing a comprehensive college search. As college campuses begin to open up this spring it is time to visit and engage the process of the college search. Families are encouraged to use online resources and virtual tours/fairs intended to give students exposure to the unique differences in college campuses. Call your guidance counselor with any questions or concerns about post-secondary planning.

SCHOLARSHIPS

Scholarship applications have been handed out to seniors and are posted on the website and in the hallway of SMHS on the guidance board. If you have any questions please contact Jackie Watkins, our scholarship coordinator, at 763-5615x331.
