**JUNIORS~** Please make time to visit campuses this spring. Engage in the process, take tours and ask questions. The number one reason students transfer is due to the campus environment. Students can't identify what they want from a school or campus without visiting. Our school has web based access (XELLO) and guidance personnel available to help with the search process, but campus visits are a huge part of the college search. Call your guidance counselor with any questions or concerns about post-secondary planning.
